WANT TO MAKE AN IMPACT?

We are currently in the process of raising funds for a community center and mission house, which will be located on the same property just steps away from the local church and executive leadership home.

Based on our priority of needs the education building will be built first, then the relief building (providing physical and spiritual nourishment) and lastly the mission house.

Because of the many generous donations, we are able to start part of the building process that is set to break ground in February!

WE NEED YOUR HELP.

COMMUNITY CENTER

The community center will be comprised of two buildings; one dedicated to education and the other serving our relief initiatives. The education building will be home to the after school tutoring program, our high school sponsored students, and will allow for other ministry opportunities. The relief building will aid in the physical nourishment of families in need, as well as focus on spiritual outreach to the community.

We need **\$200,000** to complete the Community Center.

MISSION HOUSE

Currently there are no accommodations to host our missionaries and teams that serve with us in El Salvador. The Guillen family has graciously welcomed our teams into their home, however the space is not conducive to hosting teams. Not only will the mission house provide an adequate place for our missionaries to stay, it will also establish a long-term ministry presence on the island and open doors for more outreach.

The Mission House is estimated at **\$300,000**.

YOU CAN PARTNER WITH US!
